

AD-workshop

No.3

We would like to cordially invite you to the third in a series of eight Alzheimer's Disease workshops (AD-workshops) which will host participants from the ADDIT-CE project consortium from Czechia and Slovakia, as well as other researchers working in the AD area from the same region. We are looking forward to having you with us, joining the discussion on Alzheimer's disease research.

23.5.2024

8:30-17:00
